To Judge Stewart M. Hanson Jr.:
Dear Sir:

On behalf of Theodore R. Bundy, I write this letter. I think your sense of justice "STINKS."

How can a judge who is responsible for the lives of those brought before him be so grossly unfair to a barred individual who is definitely in need of psychiatric help.

I feel that your legal values are so out of proportion that you may also need psychiatric help.

I thank you,
Dr. Joseph F. Cappella
